RETURN TO ME KICK OFF

LAUGH OUT LOUD

REVITALIZATION PROJECTS

2020 Vision

What will this year bring? I think we probably all ask ourselves this question each start of a new year. It seems by the time Thanksgiving rolls around I find myself, and hear others say, "where has this year gone?" It is funny but with the exception of leap year, which is this year, each year has the same number of days! This year we'll actually have one additional day, but in the end I am sure we will still say, "where has this year gone?" Professionals say that if you have a goal or a plan you are more likely to have a more productive year. So with that idea I thought I recap the top 5 areas of Revitalization that the Revitalization team is working on. These top 5 areas were put forth in the initial Phase 1 booklet and remain in the sights of the Revitalization team each time they meet and make plans.

The first area of focus is **Community Connection**.

The church needs to be connected with the (over)

RETURN TO ME KICKS OFF JAN 26

(continued) community that surrounds her. The team recognizes that we need to make the community aware of the ministry here, but also be welcoming to those that choose to be our guest and worship with us. The second area of focus is our **Worship Service**. We desire to improve the quality of the worship service and make the atmosphere vibrant and engaging. We want all of our to exalt the Son of God-Jesus Christ. The third area of focus is **Study Groups**. The team encourages everyone to be engaged in a Bible study group, which would be Sunday School, a Wednesday night group or weekday group. The Forth area of focus is **Next Generation Ministry**. The church realizes that we must engage the next generation with the gospel. For that reason we need to focus our energy and resources to do whatever it takes to engage in their lives. The final area of focus is **Mission Mobilization**. The church selected a team to organize and mobilize us for helping us serve in our community, region and around the world. Be in prayer and sign up to serve as opportunities arise.

REVITALIZATION PROJECTS

- To help the church provide a great worship service, the Personnel Team is hard at work to help locate the person the Lord has for helping the church with worship leadership. Be in prayer as they diligently meet search our the Lord's will.
- The Mission Mobilization team is meeting and planning upcoming winter and spring serving opportunities.

Starting Sunday January 26th the church will be studying through a 7 week study entitled "Return to Me", by Claude King. Each participant will receive a booklet with 35 days worth of devotionals. Each Sunday will also include a sermon for that week's topic. There will also be an opportunity to be in a group to discuss that week's topic and what the Lord is revealing to you. The Revitalization team hopes that each person will participate and experience renewal with the Lord Jesus. Don't miss out on this powerful 7 week emphasis.

CHURCH HUMOR

'No Gerald, it was NOT Willie Nelson on the road to Damascus.'
